

Summer Place is a real working 1950's town. There is plenty to see in our museum, service station, and theater with marquee. Also, you will never go hungry with food serving in our stainless steel Angel's Diner all day long. Make sure you visit the police and fire station and don't forget the train station! Need a haircut? Stop by our barber shop and get cleaned up! Stop in and see a movie and eat popcorn at the Isis Theater!
